DETAILED ITINERARY

Day 1 Day 1 - Arrival, Transfer, and Journey into the Adventure Zone

Your Himachal Adventure Combo begins with arrival in Chandigarh or Delhi, followed by your transfer towards Manali, the base for most of your adventure experiences.

Unlike regular tours, this journey already feels like the start of something exciting. As you move from plains into the mountains, the environment changes dramatically, roads become winding, rivers appear alongside the route, and the air feels fresher.

The drive follows the Beas River for a significant stretch, giving you your first glimpse of the terrain where many of your activities will take place.

The journey is long but sets the tone for the days ahead. You are not just traveling to a destination, you are entering an adventure zone.

By late evening or next morning (depending on travel mode), you reach Manali and check into your hotel or adventure stay.

The rest of the time is kept light to allow you to rest and prepare for the upcoming activities.

Highlights

- Arrival at Chandigarh / Delhi
- Transfer to Manali
- Scenic drive along Beas River
- Entry into adventure terrain
- Check-in and rest

Meals & Stay: Overnight journey / stay in Manali

After breakfast, your adventure himachal package officially kicks into action with your first major experience ,river rafting in Kullu. This day is designed to introduce you to controlled adventure, helping you ease into the rhythm of thrill-based travel.

You begin your drive from Manali towards Kullu, following the Beas River that you noticed during your arrival journey. Today, that same river becomes your playground.

As you reach the rafting point, you are greeted by certified instructors and trained guides who walk you through the entire process. Before starting, you are provided with safety gear including helmets, life jackets, and paddles. A detailed safety briefing is conducted, ensuring that even first-time participants feel confident.

Unlike the perception that rafting is only for experienced adventurers, this experience is designed to be beginner-friendly while still delivering excitement.

Once you step into the raft, the experience changes instantly. The cold water, the current of the river, and the surrounding mountains create an immersive environment.

As you begin rafting, the initial stretch is relatively calm, allowing you to understand how to balance, paddle, and follow instructions. Gradually, the rapids begin to build, and this is where the thrill kicks in.

The splash of water, the movement of the raft, and the teamwork required to navigate through the rapids create a high-energy experience. Every rapid feels like a new challenge, and completing each one builds confidence.

Between rapids, there are calmer stretches where you can take in the surroundings ,mountains, trees, and the sound of flowing water.

The entire rafting session typically lasts between 20 to 40 minutes depending on the stretch selected, but the experience leaves a lasting impact.

After completing rafting, you change into dry clothes and take some time to relax. Many travelers choose to sit by the river, relive the experience, or capture photographs.

You may also explore nearby cafés or take a short walk along the river before heading back to Manali.

The evening is kept relaxed to allow your body to recover after the physical activity. You return to your hotel, have dinner, and prepare for the next day's adventure.

This day is about building your confidence and getting comfortable with adventure travel.

Highlights

- Drive from Manali to Kullu
- Professional river rafting experience on Beas River
- Safety briefing and certified instructors
- Beginner-friendly yet thrilling rapids
- Riverside relaxation after activity
- Return to Manali for rest

Meals & Stay: Breakfast, dinner and overnight stay in Manali

The third day of your paragliding manali package is often considered the highlight of the entire trip. Today, you experience one of the most thrilling activities in Himachal ,paragliding in Solang Valley.

After breakfast, you head towards Solang Valley, located a short drive from Manali. As you approach, the landscape opens up ,wide valleys, green slopes (or snow-covered in winter), and clear skies create the perfect setting for aerial adventure.

Upon arrival, you are guided to the paragliding site where trained pilots and staff manage the operations. Like rafting, safety is the top priority here.

You are equipped with harnesses, helmets, and all necessary gear. A short briefing is given to explain the take-off and landing process.

Unlike solo flying, this experience is usually done in tandem with a trained pilot, ensuring both safety and ease for beginners.

The most intense moment is the take-off. As you run a few steps downhill with the pilot, the parachute catches the wind ,and suddenly, you are airborne.

The transition from ground to air is instant and exhilarating.

Once in the air, everything changes. The noise disappears, replaced by silence and vast views. You glide over valleys, rivers, and mountains, experiencing Himachal from a completely different perspective.

The flight typically lasts between 5 to 15 minutes depending on weather and package, but the experience feels timeless.

For many travelers, this is a moment of overcoming fear and experiencing freedom in its purest form.

After landing safely, you take some time to absorb what just happened. The excitement, the adrenaline, and the sense of achievement make this one of the most memorable parts of your adventure himachal package.

The rest of the day is flexible. You can explore Solang Valley further, try additional activities, or simply relax.

You return to Manali by evening, where the night is kept relaxed.

Highlights

- Drive to Solang Valley
- Tandem paragliding experience
- Safety gear and professional pilots
- Aerial views of mountains and valleys
- High-adrenaline experience
- Free time in Solang Valley
- Return to Manali for rest

Meals & Stay: Breakfast, dinner and overnight stay in Manali

The fourth day of your adventure himachal package introduces you to a completely different type of thrill ,snow-based adventure and skiing (seasonal).

After breakfast, you head towards higher altitude areas such as Solang Valley (snow zone) or beyond Atal Tunnel (Sissu side), depending on snow conditions.

As you move higher, the landscape changes again ,snow replaces greenery, temperatures drop, and the environment feels more intense.

At the activity location, you are introduced to basic skiing or snow activities. For beginners, instructors provide guidance on balance, posture, and movement.

Skiing may seem difficult at first, but even short attempts create a sense of excitement and achievement.

If skiing is not available (depending on season), you can enjoy other snow activities like snowboarding basics, sledding, or simply walking and playing in the snow.

This day is less about speed and more about experiencing new terrain and pushing your comfort zone.

After spending time in the snow zone, you return to Manali.

The evening is kept free for rest, allowing your body to recover after multiple days of activity.

Highlights

- Drive to snow zone / high altitude area
- Skiing experience (seasonal)
- Beginner-friendly instruction
- Snow activities and exploration
- Experience high-altitude conditions
- Return to Manali for relaxation

Meals & Stay: Breakfast, dinner and overnight stay in Manali

After three high-energy days filled with rafting, paragliding, and snow experiences, the fifth day of your adventure himachal package is intentionally designed as a recovery + flexibility day. This is important in any adventure itinerary to balance physical exertion with relaxation.

You begin your morning at a slower pace. After breakfast, there is no immediate rush to head out. This allows your body to recover while still staying engaged with the destination.

The day offers multiple options depending on your interest and energy level.

If you want to continue the adventure streak, you can opt for additional activities such as ziplining, ATV rides, or short nature treks around Manali. These are lighter experiences compared to previous days but still keep the excitement alive.

For those who prefer a relaxed day, you can explore Old Manali, known for its laid-back vibe, cafés, and artistic spaces. Walking through Old Manali feels very different from adventure zones ,it's calm, creative, and unhurried.

You may also visit Hadimba Temple, located within a cedar forest. This adds a cultural touch to your trip while still keeping the environment natural and peaceful.

Another option is simply spending time at a café or by the river, reflecting on the experiences of the past few days.

This flexibility is what makes this river rafting kullu tour and paragliding manali package well-balanced. It ensures that the trip does not become physically exhausting.

In the evening, you return to your hotel for a relaxed dinner. Many travelers use this time to revisit their favorite moments ,sharing stories of rafting, flying, and snow experiences.

This day acts as a bridge between high adventure and the journey closure, ensuring you end the trip on a comfortable note.

Highlights

- Relaxed morning and recovery time
- Optional adventure add-ons (zipline, ATV, trekking)
- Explore Old Manali cafés and streets
- Visit Hadimba Temple
- Flexible day based on personal preference
- Evening relaxation and reflection

Meals & Stay: Breakfast, dinner and overnight stay in Manali
